Improve your efficiency - choose bott

Thank you for considering bott to deliver your workplace storage solution.

We're focussed on creating efficient, organised workspaces - for customers who want to improve and evolve and get the best out of their working environments. Our experience shows that investments in modern fit-for-purpose equipment, results in greater efficiencies, increased productivity and long-term operational success.

With a strong commitment to delivering excellent customer service, you can be confident that our products and services will support your ongoing business success.

Our offer goes beyond the simple supply of products - we regularly design, manufacture and install customised solutions. Our project design engineers can visit your site for a free design consultation and propose a solution based around your individual needs.

Choose a workplace storage solution from bott and help drive efficiencies in your business.

Sustainability

Positive impact

Long-term solutions

Working smarter for a changing world

Our mission is to create efficient and productive workspaces, using the best available materials, technologies, and methods in an innovative and responsible way, to make a positive impact on people and environment.

Our high-performance products are both durable and modular, providing you with a future proof workspace that can be expanded or amended at any time.

As a company, we take a proactive approach to reducing our environmental impact and are committed to protecting our natural resources. We've invested heavily in green technologies across our UK sites, such as electric company vehicles, rainwater harvesting, energy efficiency, intelligent lighting and solar power. Bott Ltd is registered to and meets the requirements

of the internationally recognised Environmental Management Standard - ISO 14001:2015 by NQA.

Our UK manufacturing facility in Bude, Cornwall, is one of the largest employers in the region and we're proud to maintain a positive impact on the local community through a variety of support initiatives.

Choose bott for durable, sustainable solutions.

Global presence, local service

The Bott Group

A partner you can trust

With over 90 years of industry experience, the Bott Group are world-leading manufacturers and suppliers of efficient workspace solutions; with three manufacturing sites in Europe and a fully integrated global sales network.

In the UK, Bott Ltd. have been manufacturing high-quality workplace storage equipment for over 40 years.

Innovation is key to bott's success. We develop and create market led solutions, based on a real understanding of our customers' needs. We are agile and flexible and collaborate on a group level to develop new and relevant products.

As a trusted partner to many specialist brands from a wide range of industries, we are well prepared to assist you with your workplace storage requirements.

Choose bott and benefit from a wealth of knowledge, skill and expertise.

UK manufacturing capability

Made in the UK

Delivering value for customers

We are proud to be a British manufacturing success story. From our UK facility in Cornwall, we ensure that the technologies and processes we use are focused on delivering the best value for our customers.

Through the application of LEAN manufacturing principles and investments into automated production; our state-of-the-art factory delivers consistent high-quality - from raw materials through to our finished products. Our flexible manufacturing capability and customer focused approach, enables us to offer both comprehensive ranges and bespoke requirements, with reliable delivery.

As a company, we take a proactive approach to reducing our environmental impact and are committed to protecting our natural resources. We've invested heavily in green technologies such as electric company vehicles, rainwater harvesting, energy efficiency, intelligent lighting and solar power.

Choose bott for reliable quality and delivery.

Our customer promise

Long-term solutions

Designed to perform, built to last

Choosing functional, sustainable products that stand the test of time, is now more important than ever. A long-term investment today, helps to prepare for the challenges of tomorrow.

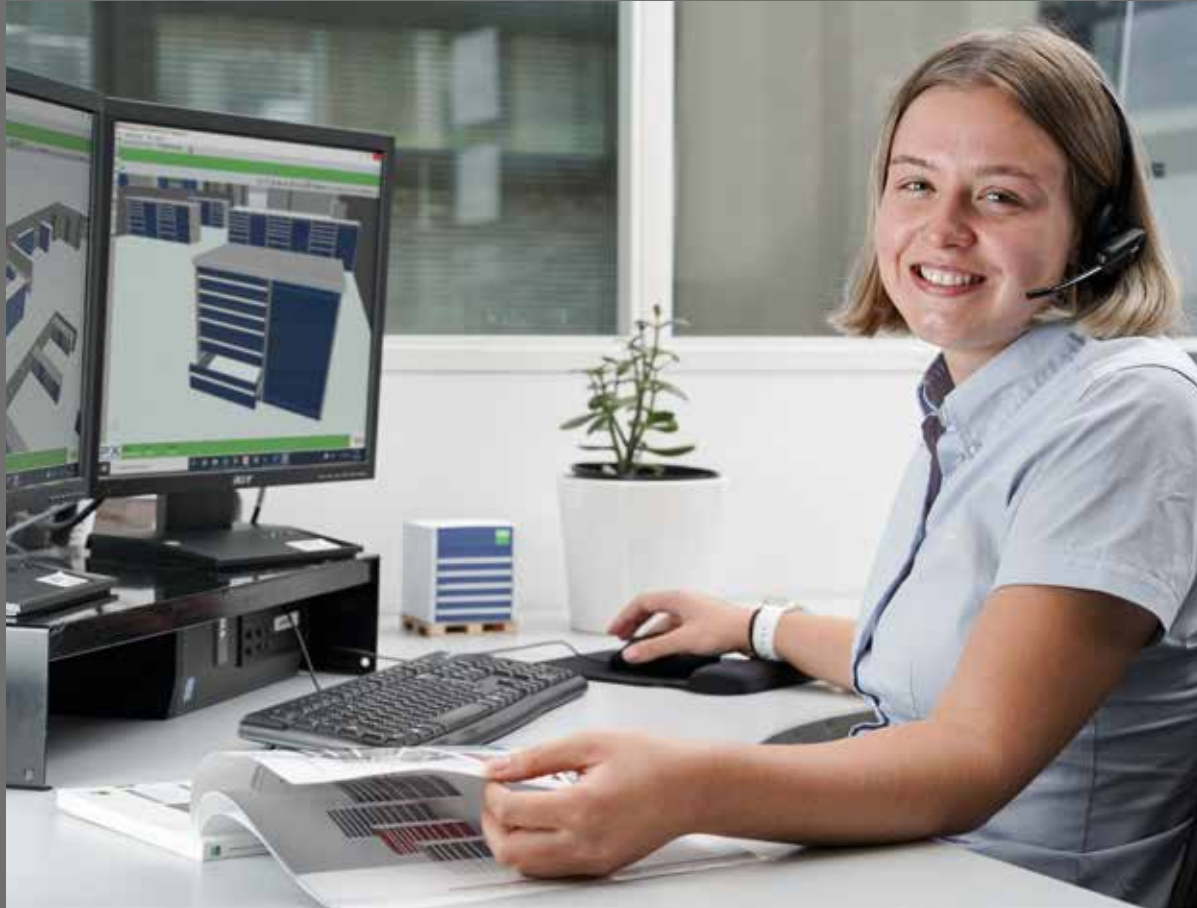

At bott, we're in the business of producing high-quality storage solutions that deliver excellent customer value. Our in-house design, test and manufacture process, means that we can be confident in the quality and longevity of our products.

To ensure your equipment is up to the job, our products have exceptionally high capacities including; 100% drawer extension, 200kg U.D.L capacity drawers and 1 tonne U.D.L. rated benches.

Our 'Built to Last' approach guarantees that our workplace storage equipment will stand the test of time and match the exacting demands of your operations. Our UK manufactured products carry a 3 year extended guarantee and support is only a phone call away.

Choose bott and you'll be investing in a high-quality, professional long-term solution.

Your project partner

Consult

Develop

Turning your ideas into reality

Our custom design and build service was developed to help customers choose the most beneficial solution, when creating their new working environments. Whether kitting out a new facility, or simply transforming an existing area, projects can be time-consuming, demanding and costly if things don't go to plan.

With many years of experience in a wide range of sectors, our project management team are specialists in the field. They can visit your site to gain an in-depth understanding of your operational needs, the size of your working area, budgetary considerations and timescales.

By working together, we can discuss the most suitable products, materials and configurations, then create detailed 3D visuals of your workspace proposal, ensuring it's perfect for you.

With a wide-ranging product offer and the flexibility that comes from having our own manufacturing plant, we can transform your ideas into reality.

Choose bott and you'll receive a truly tailored solution.

Your project partner

Deliver

Install

Installations, scheduled to suit you

As an optional extra and to finish off the process, we can install your workplace storage equipment so that it's ready for use.

To keep disruption down to a minimum, our installations are scheduled to fit around you and your business, ensuring a swift and easy transfer into your new workspace.

Our highly trained engineers will meet the delivery, unwrap and assemble the equipment and efficiently install your system in accordance with site requirements. They will handle every part of the build - leaving you with a fully functional working environment to be proud of.

You can be confident that from consultation and design, through to delivery and completed installation, we provide a reliable, professional, high-quality service.

Choose bott for peace of mind.

Our modular ranges

Comprehensive range

Flexible & adaptable

Workplace storage products

By listening to the needs of our customers, we've developed a truly comprehensive range of medium and heavy-duty storage equipment. Our designers focus on delivering useful functionality, through using the right materials, design and production processes.

Modular in nature, our ranges offer long-term, high performance, ensuring that your bespoke solution can be added to or amended in the future. Drawer cabinets, workbenches and storage cupboards are available in a diverse range of sizes, colours and configurations, along with a wide variety of accessories to create your individual solution.

- cubio - Professional solution
- perfo - Small parts storage
- CNC - Machine tool storage
- verso - Quality with value

Accessories

Efficient organisation

Accessories for every requirement

We offer a wide and comprehensive range of accessories, ensuring your workplace storage equipment delivers 100% efficiency.

Choose bott for efficient organisation.

- Internal drawers
- Drawer divider kits
- Cupboard shelves & backpanels
- Worktops & top trays
- Bench panels
- Base plinths, forklift and drop in bases
- Rear framework systems

Standard colour options

Durable, powder-coat finish

Exclusive colour
option for **bott cubio**

Quality, long-lasting colour

Our products are expertly finished in a high-quality powder-coat paint at our UK factory, providing a durable, consistent finish and tough protection against wear and damage.

We offer an exclusive standard colour option for our bott cubio range, 'all over' anthracite grey (.77) - providing a modern, sleek and professional look suitable for any working environment.

Choose bott for smart, long-lasting solutions.

- Our standard product colour is light grey housing (RAL7035) with anthracite grey fronts (RAL7016) - you can however, choose from four additional standard options at no extra cost
- To make your choice, simply refer to the colour key found at the bottom of the catalogue pages, replacing the two digit suffix (normally .19) with your selection
- Our hazardous substance cupboards are finished in yellow (RAL1023)

Housing:

RAL 7035 – light grey

Top, bottom and fronts:

RAL 7016 – anthracite grey .19

RAL 5010 – gentian blue .11

RAL 7035 – light grey .16

RAL 3004 – crimson red .24

Housing:

RAL 7016 – anthracite grey

Top, bottom and fronts:

RAL 7016 – anthracite grey .77

Custom colours

Flexible manufacturing
capability

Tailor your workspace

If you're looking to strengthen your brand or simply want a solution to complement your workshop, office or garage, why not finish off your workplace storage equipment in a custom colour?

In addition to our five standard options, we have the manufacturing flexibility to supply your products in a special colour or combination of your choice. For environments demanding the highest levels of hygiene, such as hospitals, schools and food production facilities, antibacterial coatings can be arranged upon request.

For industrial settings where static electricity can cause a problem, particularly for sensitive components used in electronics assembly, ESD safe coatings are also an option. Whatever your special request, we can ensure the perfect finish for your needs.

Choose bott and we'll help you create an individual workspace to be proud of.

cubio - Cabinets

Robust Housing

With reinforced steel housings, heavy-duty cubio cabinets offer a total capacity of up to 1.5 tonne and are available in a wide range of plan sizes and height options.

High-capacity Drawers

Standard fitment drawers are 75kg U.D.L. capacity, with full 100% extension roller bearing slides and scuff resistant galvanised pans. Optional heavier-duty 200kg drawers are available. Small parts can be efficiently organised with trough blocks, storage boxes and adjustable metal dividers.

Drawer Locking & Blocking

All cubio cabinets are centrally lockable, with integrated drawer blocking mechanism as standard. Master locking options are available.

Practical Work Surfaces

40mm thick Multiplex or Lino worktops are available for all cubio cabinets. Raised edged top trays with quality inlaid mats are also an option, designed to prevent items from rolling off the work surface.

Wide Range of Accessories

Optional fork lift bases help to make light work of moving heavy cabinets. Enclosed fixed height base kits, internal shelves and a variety of drawer storage solutions are also available.

To ensure maximum stability all cubio cabinets should be bolted to the floor.

cubio - Mobile

Robust Housing

With reinforced steel housings, cubio mobile cabinets offer an overall load capacity of up to 600kg and are available in a wide range of plan sizes and height options.

Efficient Drawer Storage

Standard fitment drawers are 50kg U.D.L. capacity with full 100% extension roller bearing slides and scuff resistant galvanised pans. Small parts can be efficiently organised with trough blocks, storage boxes and adjustable metal dividers.

Drawer Locking & Blocking

Mobile cubio cabinets are centrally lockable, with integrated drawer blocking mechanism and safety trigger locking as standard. The trigger locking ensures that drawers remain closed in transit, even when unlocked. Master locking also available.

Practical Work Surfaces

Mobile cubio cabinets are fitted with either raised edged top trays with quality inlaid mats, designed to prevent items from rolling off the surface or tough, 20mm thick Multiplex or Lino worktops.

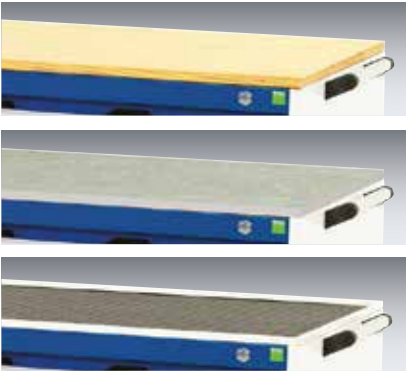

Enhanced Mobility

High-quality castors and comfort grip handles are used throughout the range. Swivel and brake versions enhance mobility and stability.

cubio - Cupboards

Robust Housing

With reinforced steel housings, heavy-duty cubio cupboards offer up to 1.5 tonne total storage capacity and are available in a wide range of plan sizes and height options.

Multiple Door Options

Choose from sliding, up/over roller shutter, window panel or reinforced panel lined doors.

Galvanised Steel Shelves

Durable scuff resistant shelves in full and half-depth styles, with 100kg U.D.L capacity. 160kg U.D.L capacity shelves are standard in 1300mm wide cupboards.

High-capacity Drawers

Standard fitment drawers offer 75kg U.D.L capacity, with full 100% extension roller bearing slides and scuff resistant galvanised pans. Optional heavier-duty 200kg drawers are available. Tough plastic troughs, boxes and adjustable metal dividers, provide multiple storage solutions.

Fittings & Accessories

A wide range of internal fittings are available to kit out cubio cupboards; including perfo and louvre backpanels, hook, bin and divider kits, Multiplex worktops, sliding shelves, hanging rails and CNC storage systems. Optional fork lift bases make light work of moving heavy cupboards. Enclosed fixed height base kits are also available.

To ensure maximum stability all cubio cupboards should be bolted to the floor.

Fully Equipped Cupboards

- Heavy duty cupboards with lockable perfo lined, doors
- 25mm multiplex shelf / worktop makes an enclosed mini workshop
- Galvanised steel shelves, 160kg U.D.L. capacity on 1300mm models, 100kg on 1050mm
- 75kg U.D.L. capacity roller bearing drawers
- perfo and louvre backpanels

cubio | **Cupboards** Roller Shutter Door

Roller Shutter Door Cupboards

- Heavy duty cupboards with lockable, space saving, roller shutter doors
- Ideal for narrow aisles or restricted floor areas
- Compatible with galvanised steel shelves and all other internal accessories such as drawers and liner panels
- Durable rigid plastic door in light grey only
- 1050mm or 1300mm wide x 650mm deep

The roller shutter door is supplied in light grey plastic only with the top and bottom beams finished in the chosen colour.

cubio - Benches

Maximum Stability

With robust construction and up to 1200kg U.D.L total capacity, heavy-duty cubio benches are designed to perform and built to last.

Durable Worktops

Hard-wearing 40mm worktops are used across the range. Choose from Multiplex or Beech, Stainless Steel or Steel Clad, Lino, Phenol, Laminate or ESD Laminate. Custom corner joints, T-joints and special lengths, are available upon request.

Ergonomic Working

Many cubio bench styles offer fixed or height adjustable options and mobile alternatives are available for framework, workstand and storage benches. Rear and overhead frame kits can be used to create efficient and ergonomic workstations including; swivel arms, storage panels, adjustable shelves, service ducts and lighting.

Wide Range of Accessories

Create custom configurations by combining cubio bench systems with our wide range of accessories; including backpanels, base shelves, drawer cabinets and hook and bin kits.

To ensure maximum stability all static cubio benches should be bolted to the floor.

Worktop Overview

- Heavy duty, 40mm thick worktops
- Wide choice of materials and styles to suit most applications
- Most popular worktop choices are shown with each bench range
- Most worktops are suitable for use with most bench types. Please ask for details if the worktop type required is not shown
- Standard worktops sizes are 750, 1500, and 2000mm wide x 750mm deep and 1500 and 2000mm wide x 900mm deep
- Standard size worktops are shown on page 120 - 121 for customised installations

Beech

40mm beech block.

A high load bearing worktop with good surface resistance to water, oils, acids and chemicals. Suitable for most benching applications.

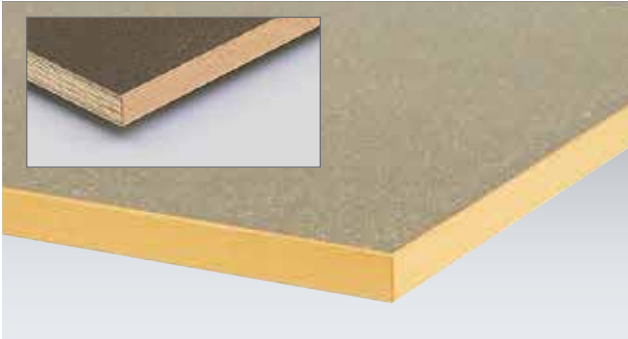

Multiplex (Mpx)

40mm, resin bonded, layered hardwood beech ply with cross laminated construction.

A tough general duty worktop suitable for most applications.

Phenol

40mm top with hardwood core impregnated with phenol resin and edged in hardwood.

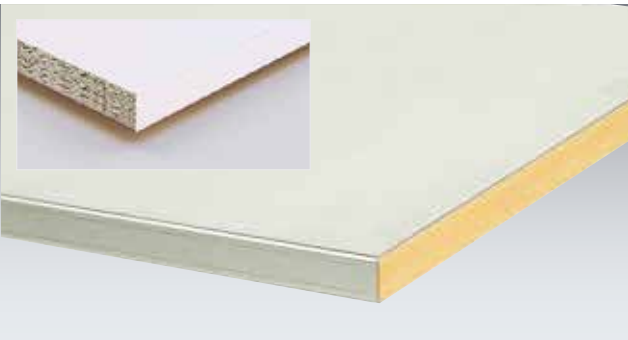

Lino

40mm overall with a 38mm particle board core and a 2mm grey linoleum surface and a durable plastic edgebanding.

An easy clean top with good surface resistance to water, oils, acids and chemicals.

Steel Clad

38mm particle board core with 1.2 mm galvanised steel cladding to surface, front and rear edges.

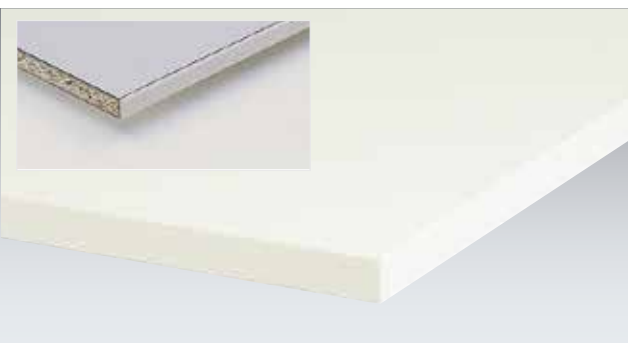

An extremely hard wearing, heavy duty surface for heavy engineering or hot components.

Stainless Clad

38mm particle board core with 1.2 mm stainless steel for the surface and all edges.

Laminate / ESD Laminate

40mm particle board core with grey laminate surface and ABS antistatic edges.

An easy clean top with high abrasion and impact resistance and excellent surface resistance to boiling water, oils, weak acids and chemicals.

The ESD version has conductive core and surface with leakage values in accordance with IEC 61340.

cubio | **Benches** Suspended Cabinets

Suspended Cabinets for Framework Benches

On 1500mm and 2000mm wide benches 525mm or 650mm wide cabinets may be used.

Maximum height of cabinets is 600mm for static and 400mm for mobile benches. 750mm deep benches may use either the 525mm deep or 650mm deep cabinets

900mm deep benches may use either the 650mm deep or 750mm deep cabinets.

1500mm wide x 700mm deep lino worktop bench shown in the optional .77 anthracite grey colour.

Suspension Channels

To fix a cabinet to a framework bench a set of suspension channels is required. Choose the correct bench depth, the channels will fit both 650 and 750mm deep cabinets.

To Suit	Order Ref.

cubio | Benches Rear Frame System Kits

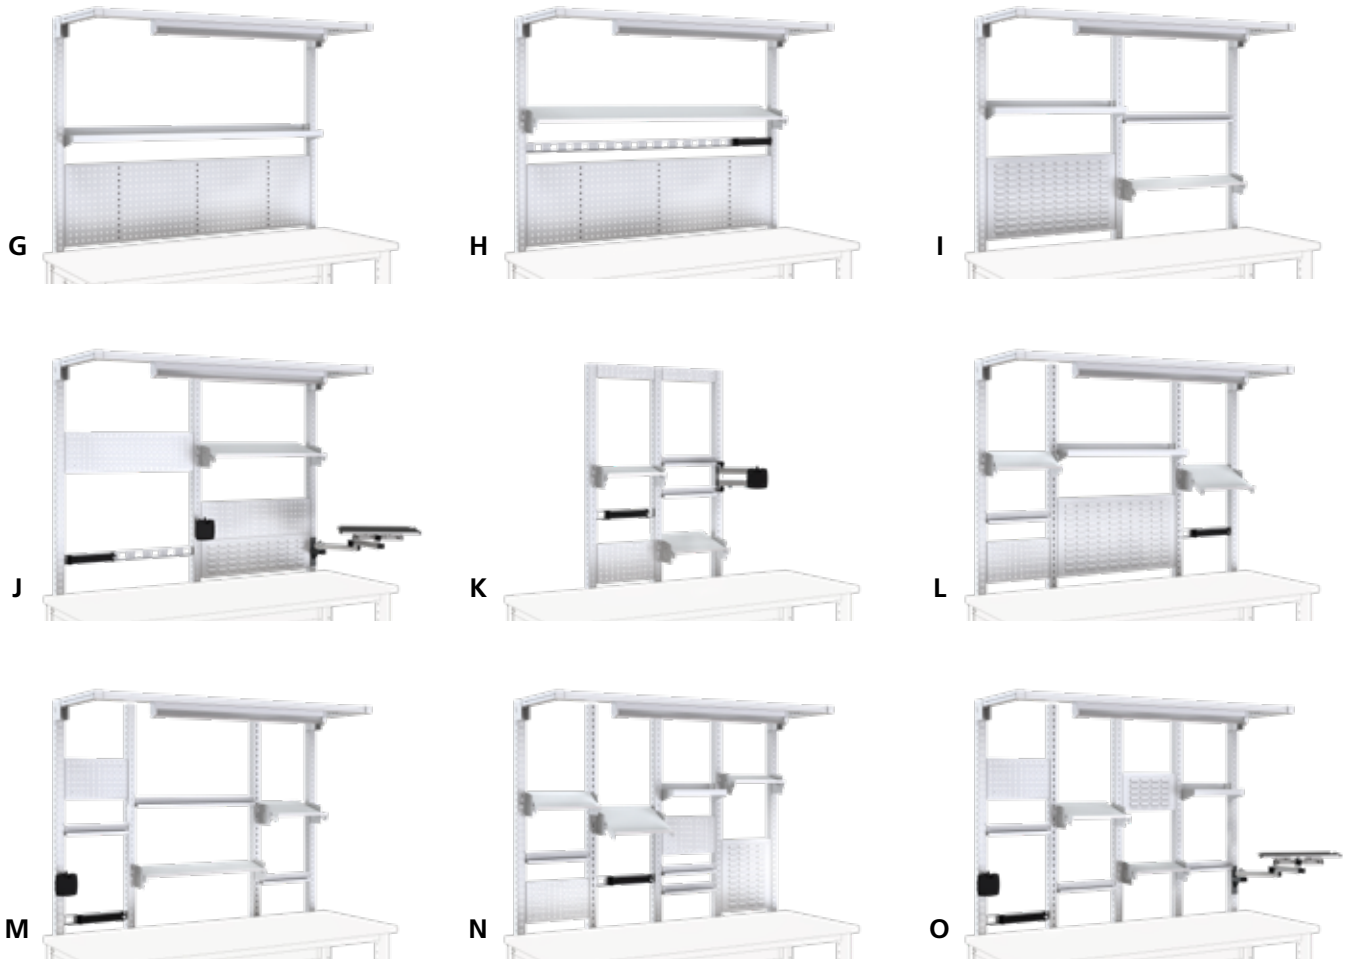

1500mm Complete Rear Frame Kits for cubio Benches

- Create an ergonomic workstation
- Models available to suit framework or storage style workbenches
- Rear sections may be 450, 900, 1350 or 1800mm wide and can be configured in any combination up to the width of the bench
- Accessories available in 450, 900, 1350 or 1800mm widths
- Short uprights are suitable for a 2x 240mm or a 480mm high panel and a fixed shelf
- Choose from complete kits or build your own
- Supplied in RAL7035 light grey

Beech

40mm beech block.

A high load bearing worktop with good surface resistance to water, oils, acids and chemicals. Suitable for most benching applications.

Multiplex (Mpx)

40mm, resin bonded, layered hardwood beech ply with cross laminated construction.

A tough general duty worktop suitable for most applications.

Phenol

40mm top with hardwood core impregnated with phenol resin and edged in hardwood.

Lino

40mm overall with a 38mm particle board core and a 2mm grey linoleum surface and a durable plastic edgbanding.

An easy clean top with good surface resistance to water, oils, acids and chemicals.

Size (mm)	Beech	Multiplex	Phenol	Lino

Laminate

40mm particle board core with grey laminate surface and ABS antistatic edges.

An easy clean top with high abrasion and impact resistance and excellent surface resistance to boiling water, oils, weak acids and chemicals.

Laminate / ESD Laminate

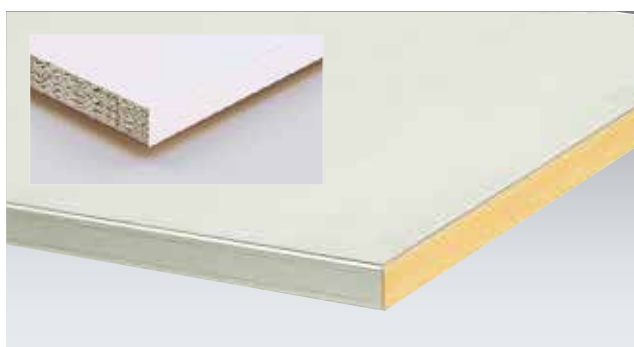

40mm particle board core with grey laminate surface and ABS antistatic edges.

An easy clean top with high abrasion and impact resistance and excellent surface resistance to boiling water, oils, weak acids and chemicals.

This ESD versio has conductive core and surface with leakage values in accordance with IEC 61340.

Steel Clad

38mm particle board core with 1.2 mm galvanised steel cladding to surface, front and rear edges.

An extremely hard wearing, heavy duty surface for heavy engineering or hot components.

Stainless Clad

38mm particle board core with 1.2 mm stainless steel for the surface and all edges.

Custom Worktops

Corner 'T' shape and hexagon worktops for use in custom installations.

The 750mm sections integrate with the standard worktops and the corner sections allow 1050mm wide or 525mm square cabinets to sit underneath.

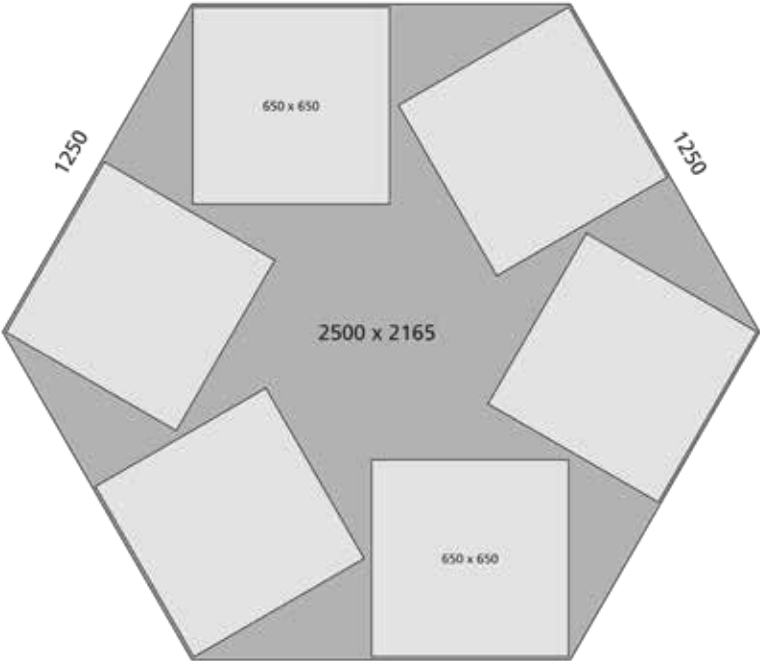

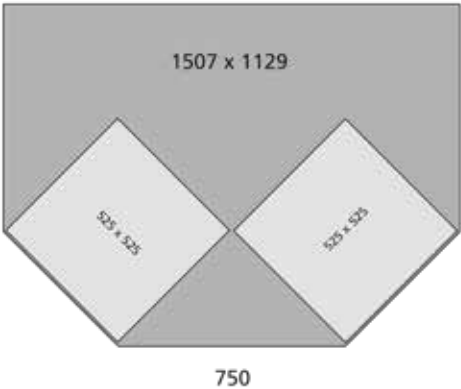

The hexagon worktop allows up to 6 650 wide x 650 deep cabinets

As well as cabinets, the worktops can be supported by the cubio endframes and support brackets.

See pages 105 - 106 for pre built versions.

Endframes and Cross Brace Stringer Sets

Robust steel endframes in fixed, adjustable height and mobile versions. Use on their own for pedestal applications or with the horizontal stringer sets to create a full framework.

The full stringer sets are available for use with 1500 and 2000mm long tops and consist of two top and one base cross member.

Top stringer sets must be used in conjunction with a base shelf.

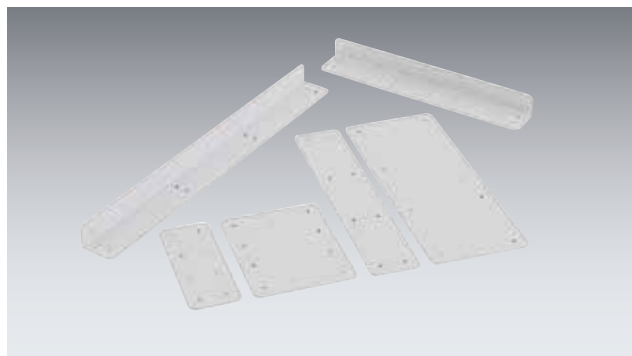

Item	Depth x Height (mm)	Order Ref.

cubio - Accessories

Comprehensive Range

We offer a wide range of accessories for cubio cabinets, mobiles, cupboards and benches; allowing you to individually configure to your specific needs.

Drawer Divider Kits

Small parts can be efficiently organised with trough blocks, plastic boxes, inlay mats and adjustable metal dividers. Supplied as simple pre-designed kits, or custom layouts can be created upon request.

Internal Options

To create a fully functioning cubio cupboard, choose from a selection of internal fittings, including; perfo and louvre backpanels, hanging rails, base decks, drawer kits, shelves and worktops.

External Options

40mm thick Multiplex or Lino worktops are available for all cubio cabinets and cupboards, as well as top tray options. Optional fork lift bases make light work of moving heavy cupboards and enclosed fixed height base kits are also available.

Adjustable Metal Dividers

Galvanised metal dividers in a wide range of sizes to suit all cabinets.

All parts are readily adjustable in position allowing individual layouts to be easily created and amended as requirements change.

Supplied as pre-designed kits for ease of choice. Custom layouts can be created, please ask for details.

Plastic Boxes

Tough plastic divider boxes in a wide range of sizes and heights.

All are easily removed to allow use elsewhere and easy amendment of layout.

Labelling kit available.

Supplied as pre-designed kits for ease of choice. Custom layouts can be created, please ask for details.

Plastic Troughs

Tough plastic trough sections in two, three or four channel types.

All are sub dividable and may be removed to allow easy amendment of layout.

Supplied as pre-designed kits for ease of choice. Custom layouts can be created, please ask for details.

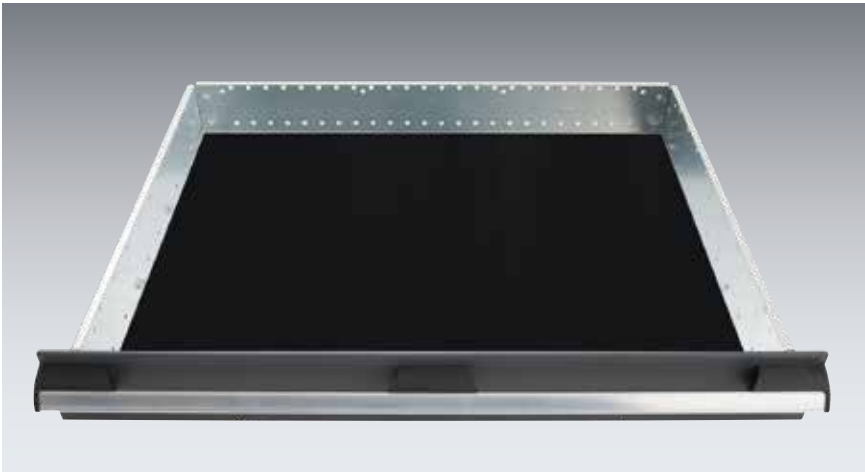

Inlay Mats

Quality foam matting for the drawer base.

Provides a softer, safer base for expensive or delicate items and can reduce noise especially in mobile applications.

May be used in conjunction with the metal dividers.

Cupboard Housings

Empty housings for custom configurations. Please ask for full details if the type or size you require is not shown.

All 525mm and 650mm wide hinged door models utilise a single door configuration. 800mm, 1050mm and 1300mm wide models feature double doors.

Roller shutter models use a full width door, note all colour versions of the roller shutter models use a light grey shutter door.

Add components and accessories to complete your cupboard.

To ensure maximum stability all cubio cupboards should be bolted to the floor.

Backpanels (for 800mm, 1050mm and 1300mm wide cupboards)

perfo and louvre backpanels to fit to rear of 800mm, 1050mm and 1300mm wide housings.

Panels may be fitted at any height point within the housing and may be of mixed style and height.

The table below shows the panels required to provide a full height back-panel. Choose the overall height of back panel required and order the individual items.

Shelves may be used in front of the panels, but drawers must be used either above or below them.

Cabinet / Cupboard Worktops**Multiplex**

40mm, resin bonded, layered hardwood beech ply with cross laminated construction. A tough general duty worktop suitable for most workshop applications.

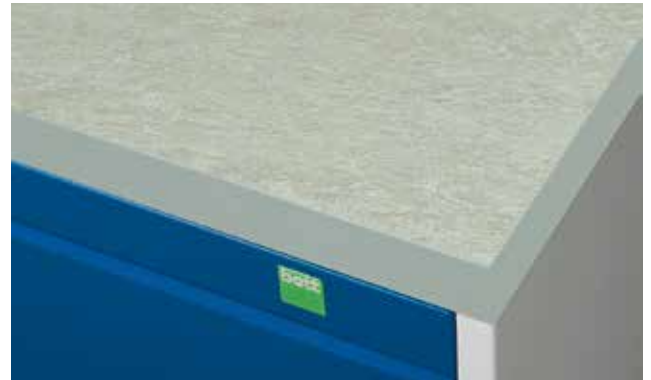

Lino

40mm overall with a 38mm particle board core and a 2mm grey linoleum surface and a durable plastic edgebanding. An easy clean top with good surface resistance to water, oils, acids and chemicals. Ideal for office, assembly and storage areas.

Metal top tray

4 raised sides to prevent accidental roll off of items. Inlaid is a quality slip resistant mat. Increases height by 15mm.

Worksurfaces are available for all housing sizes. Choose from 40mm worktops or top tray with inlaid mat.

perfo - The original system

Quick access to tools
and small parts

Multi-purpose

Flexible efficiency

Simple and adaptable, our classic perfo system is the foundation for efficient small parts storage. Developed over 50 years ago, perfo continues to be essential in product innovation and range integration.

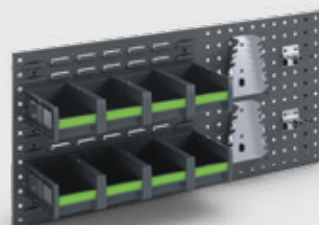

Incorporating wall panels, cupboard systems, mobile or free-standing solutions and a wide variety of accessories, perfo storage is exceptionally versatile with an unlimited range of applications.

Choose bott perfo for easy access to tools, small parts and equipment.

- Integrates with cubio and verso systems
- perfo, louvre or combination panel options
- Diverse range of accessories
- Ideal for LEAN and 5S storage systems
- Custom requirements available
- 3 year extended guarantee

perfo

Flexible Storage

Steel panels are the heart of the perfo system, with wall mount, free-standing and mobile variations. Available in perfo, louvre or combi styles, the system is exceptionally versatile, with a diverse range of sizes and accessories.

Reinforced Panels

perfo, combi and all horizontal louvre panels, feature return edges and reinforcing strips, providing high strength and great rigidity.

Range Integration

The perfo system is designed to integrate with storage cupboards, wall cupboards and benches, from both the cubio and verso ranges.

perfo Accessories

For quick access to tools and equipment, a variety of steel hooks, clips and holders are available to suit almost every requirement. Pre-selected kits make easy work of ordering.

Louvre Accessories

Louvre panels work with plastic bins to create high-capacity component storage. Bins are available in many sizes, colours and pack quantities.

Mobile Solutions

For mobile efficiency, panel racks and trolleys allow tools and components to be easily moved around the workplace.

perfo | perfo & Combination Panels

perfo & Combination Panels

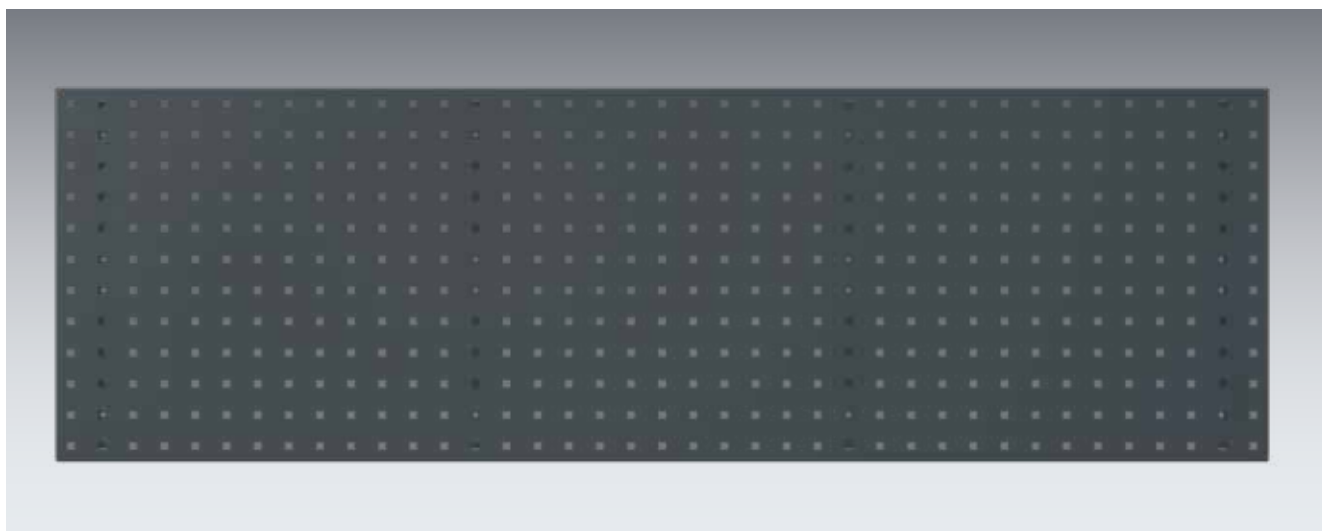

- Fully flanged and reinforced to aid rigidity
- Reinforced mounting points
- Full perfo for hook accessories or combined perfo / louvre for hooks and bin accessories
- Standard panels are for wall mounting, they are also incorporated into bench, trolley and freestanding rack models
- Full Louvre panels available, see page 178
- New perfo sizes designed to complement cabinets
- Epoxy powder coated in choice of 4 standard colours

perfo | perfo Panel Rack Systems

perfo Panel Freestanding Rack

A freestanding tool storage system utilising the standard perfo panels. The design of perfo wall allows complete flexibility in the layout; 90° turns can be made in any direction.

perfo wall makes an ideal workshop divider and can help where wall space is limited. Commence with a starter bay and add extension bays to create a custom layout.

- 1845mm high, 500mm / 1000mm wide
Free standing system, no walls required
- Starter and extension bays for expansion
- Use in line or at 90 degrees
- Single or double sided
- Makes an ideal workshop divider
- Add hooks to suit from pages 167 - 171

3 panel starter with 4 panel extension

Width	Bay Type	Panels	Type	Order Ref.

CNC - Machine tool storage

Maximum security

High capacity

Protection for high value tooling

Our CNC storage systems are designed to organise and protect expensive machine tools from damage, theft or loss. With clear storage and identification, tool handling can be kept to a minimum, workflows improved and machine set-up time reduced.

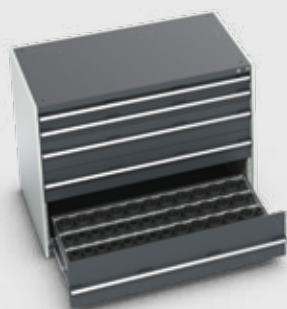

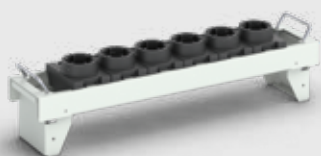

For most types of CNC machine tooling, our specialist range includes workbench mounted units, trolleys and high-capacity cupboards and cabinets.

Choose bott CNC systems and maximise security for your valuable business assets.

- Integrates with cubio and perfo systems
- Static and mobile options
- Fits most types of CNC machine tooling
- 3 year extended guarantee

CNC - Storage systems

Maximum Security

Tough, clip-in holding inserts are the core of the CNC storage system. Simple to fit, the inserts safely and securely hold all major tooling shank sizes.

Adaptable Tool Carriers

Sturdy, versatile and easily adapted carrier for the holding inserts. Use freestanding or with accessories.

Carrier Bench Stands

Securely holds up to three tool carriers on any bench worktop.

Carrier Trolleys

Flexible trolley options for tool carriers, providing high-capacity storage and ease of mobility.

Cabinets & Cupboards

Utilising the cubio range and accessories, there are many options for storing CNC tooling and tool carriers within the heavy-duty cupboards and drawer cabinets.

Useful Tool Blocks

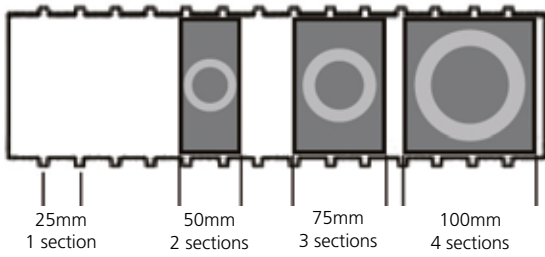

Simple, steel tool blocks can be used freestanding or in conjunction with louvre panel racks and trolleys.

Tool Holding Inserts

The core of the system are the easy fit tool holding inserts. 50, 75 or 100mm wide depending on model, they simply clip into the metal carrier or frame.

To calculate the insert capacity compare the tool type sections with the available sections per row in the metal carrier or holder.

A blank holder is available for other tool sizes. The solid plug is removed for machining to the required bore dimensions.

Inserts come in 3 section widths depending on bore type. The total capacity of a holder is relative to these section widths.

All inserts have a taper bore except VDI models. Top diameter shown. The insert sits 32mm above the metal carrier or holder.

CNC | Carrier Drawer Frames & Cabinets

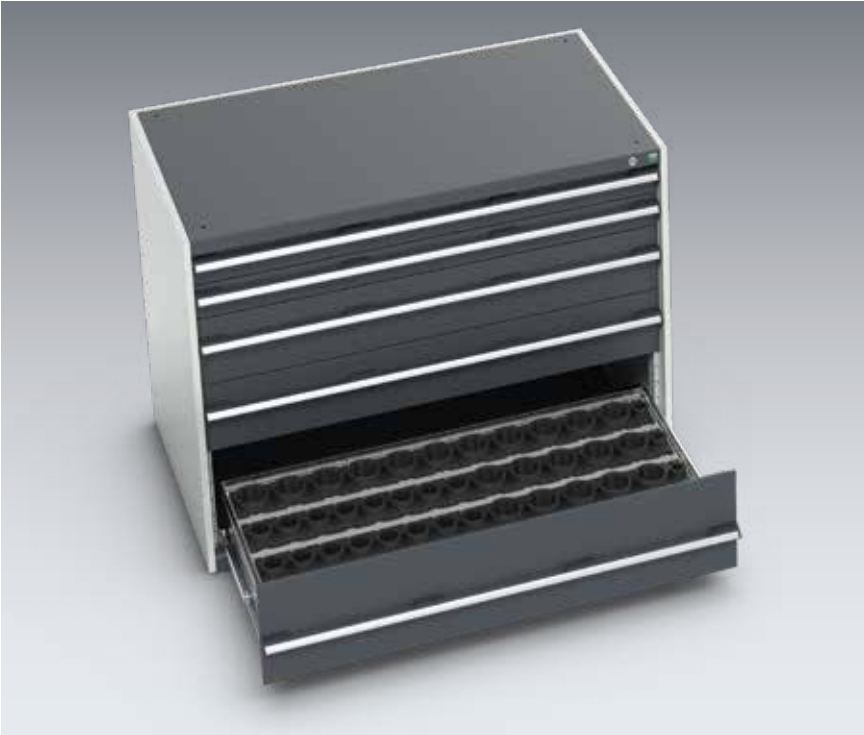

Tool Carrier - Drawer Brackets

For high volume storage with ease of access and security CNC tooling may be stored in one of the bott cubio static or mobile cabinets.

The cabinets will accept either the tool carrier via drawer brackets (below) or direct into the tool frame (opposite).

Both systems will work with a wide selection of cabinet sizes, the ideal model will depend upon the length and quantity of tooling.

Please ask for a no obligation quote or on site consultation to discuss your requirements.

Tool Carrier - Drawer Brackets

Tool carriers may be mounted within the drawers using the accessory bracket set. Add carriers from page 211 as required, up to 3 carriers may be stored in each drawer.

The ideal cabinet is 800mm wide x 650mm deep but the system will work with the larger sizes.

Note: Tool carriers are not included

Item	Order Ref.
Carrier Brackets	43013031.51V

Drawer Frames & Inserts

CNC frame for use with cabinet or cupboard drawers. Add inserts from page 210 as required.

Any combination of CNC inserts may be used together in a single row up to the maximum number of sections per row.

Drawer frames are available in 80 and 125mm heights to suit the tooling shank length. Choose a cabinet drawer front height large enough to accommodate your tooling's overall length.

RAL 7035 light grey powder coat finish as standard RAL 7016 anthracite grey is also available.

CNC | CNC Cupboards Storage

CNC Cupboards

- From the heavy duty cubio range
- 800mm or 1050mm wide x 525mm deep, choice of heights
- perfo or louvre door liner panels
- 75kg U.D.L. capacity drawers for drawer frames
- For carrier storage use the carrier holding shelf
- Sliding storage shelf accepts inserts

To ensure maximum stability all cubio cupboards should be bolted to the floor.

Insert Fitment

Any combination of CNC inserts may be used together in a single row up to the maximum number of sections per row.

BIKE CO.

verso - Our versatile solution

Quality with value

Easy expansion

Functional & adaptable

Our adaptable verso range offers simple functionality, combined with high-quality and excellent value-for-money.

Encompassing drawer cabinets, cupboards, benches and workstations, bott verso is suitable for a variety of applications, in many different industries.

Choose bott verso for practical, affordable solutions.

- Available in a wide range of sizes
- Mobile and static options
- 75kg U.D.L capacity drawers and shelves
- Optional drawer blocking mechanism
- 100% extension roller bearing slides
- Comprehensive accessory range
- 3 year extended guarantee

verso Workstations

- Freestanding workshop kit incorporating bott verso units
- Cupboards have reinforced, hinged doors
- 75kg U.D.L capacity per drawer with 100% extension
- Galvanised steel shelves with 75kg U.D.L capacity
- Medium duty 35mm worktop
- Rear perfo tool storage

verso - Cabinets

Fully Welded Housing

With fully welded steel housings, verso cabinets are designed to withstand the rigours of industrial use. All are 550mm deep, with three widths and numerous height options to choose from.

Robust Drawers

All standard fitment drawers are 75kg U.D.L. capacity, with 100% extension roller bearing slides for smooth operation and easy access.

Efficient Storage

Drawer pans are all full height and available in 100mm, 125mm, and 175mm options. Small parts can be efficiently organised using plastic storage boxes, adjustable metal dividers or inlay mats.

Drawer Locking

All verso cabinets are centrally lockable, models with drawer blocking mechanism are available on request.

Practical Work Surfaces

30mm thick Multiplex or Lino worktops are available for all verso cabinets, as well as top trays with inlaid mats or lectern tops with built-in pen trays.

Wide Range of Accessories

Individually kit out your verso cabinet, with a wide range of drawer dividers, shelves and worktops.

To ensure maximum stability all verso cabinets should be bolted to the floor.

verso - Mobile

Fully Welded Housing

With fully welded steel construction and push-pull handles, verso cabinets are designed to withstand the rigours of industrial use. Featuring 125mm diameter rubber tyred castors, with 2 fixed, 2 swivel & brake mechanism.

Robust Drawers

For verso mobile, all standard fitment drawers are 50kg U.D.L. capacity, with 100% extension roller bearing slides for smooth operation and easy access.

Efficient Storage

Drawer pans are all full height and available in 100mm, 125mm, and 175mm options. Small parts can be efficiently organised using plastic storage boxes, adjustable metal dividers and inlay mats.

Drawer Locking & Blocking

Mobile verso cabinets are centrally lockable, with integrated drawer blocking mechanism as standard, so that only one drawer can be opened at any time.

Practical Work Surfaces

30mm thick Multiplex or Lino worktops are supplied as standard for all verso mobile cabinets, or choose top trays with inlaid mats.

Wide Range of Accessories

A wide range of drawer divider kits, shelves, worktops and top trays are available to kit out your mobile verso unit.

Mobile Cabinets

- Welded steel construction with push - pull handles
- 50 Kg U.D.L. capacity, 100% extension drawers
- Drawer blocking to prevent accidental opening
- 980mm high with 30mm multiplex or lino worktops
- 965mm high with top tray & inlaid mat
- 600mm deep with worktops, 550mm deep with top tray
- 125mm diameter castor set, 2 with brake

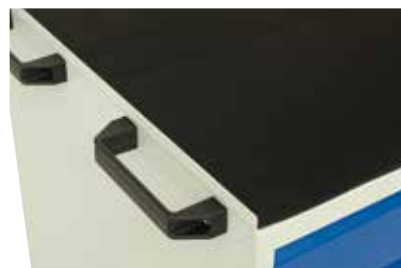

Mpx

30mm thick laminated beech ply.
A tough general duty top suitable for most workplace applications.
600mm deep.

Lino

30mm thick with grey lino surface.
Easy clean with good surface resistance to water, oils, and chemicals. Ideal for assembly and storage areas. 600mm deep.

Top Tray & Mat

Metal top tray with 3 raised sides to prevent accidental roll off of items.
Inlaid is a ribbed rubber mat.
Increases height by 15mm. Supplied in RAL7035 light grey only.

verso - Cupboards

Fully Welded Housing

With fully welded steel housings, verso cupboards are designed to withstand the rigours of industrial use. Choose from simple shelf cupboards and self-contained workshops, to compact lockable wall cupboards.

Multiple Door Options

Choose from hinged, sliding, up/over roller shutter, window panel or ventilated door styles.

Galvanised Steel Shelves

Durable scuff resistant shelves with 75kg U.D.L. capacity. Adjustable on a 25mm pitch.

75kg Internal Drawers

100mm, 125mm or 175mm high, roller bearing drawers; with 75kg U.D.L. capacity, 100% extension and full height drawer pans. Tough plastic boxes, adjustable metal dividers and inlay mats, allow for adaptable custom layouts.

Internal Fittings & Accessories

A wide range of internal fittings and accessories are available to kit out verso cupboards; including perfo and louvre liner panels, hook, bin and divider kits, shelf dividers and Multiplex worktops.

To ensure maximum stability all verso cupboards should be bolted to the floor.

verso - Benches

Robust Construction

With robust construction and up to 600kg U.D.L total capacity, verso benches are strong, reliable and built to last. Choose from framework, cantilever, pedestal, storage or welded styles.

Worktop Options

30mm worktops are used on framework, storage and pedestal benches and 20mm on welded and cantilever styles. Choose from Multiplex, Lino or ESD Laminate. MFC Laminate is also available for cantilever benches.

Ergonomic Working

Many verso bench styles offer fixed or height adjustable options and mobile alternatives are available for framework, workstand and welded styles. Rear and overhead frame kits can be used to create efficient and ergonomic workstations; including, swivel arms, storage panels, adjustable shelves, service ducts and lighting.

Wide Range of Accessories

Create custom configurations by combining verso bench systems with our wide range of accessories including; backpanels, drawer dividers and hook and bin kits.

To ensure maximum stability all static verso benches should be bolted to the floor.

Multiplex (Mpx)	Lino	MFC Laminate
		
30mm, resin bonded, layered hardwood beech ply with cross laminated construction. A tough general duty worktop suitable for most applications.	30mm overall with a 28mm particle board core and a 2mm grey linoleum surface and a durable plastic edgebanding. An easy clean top with good surface resistance to water, oils, acids and chemicals. Ideal for office, assembly and storage areas.	20mm with particle board core, with MFC laminate surface and plastic edgbanding. An easy clean top with high abrasion resistance and excellent surface resistance to water, oils and weak chemicals. For cantilever benches only.

ESD Laminate	
	30mm conductive particle board core with conductive laminate surface and ABS antistatic edges. An easy clean top with high abrasion resistance and excellent surface resistance to water, oils, weak chemicals.

Welded Benches

- Heavy duty steel framework with rear upstand
- Full depth steel base shelf
- Mobile models have 125mm diameter castors
- Steel top models 910mm high
- Mpx top models 930mm high
- All models 600mm deep
- Benches supplied assembled, drawers or cupboards will require fitting to the bench.

verso - Accessories

Comprehensive Range

A wide range of accessories for verso cabinets, mobile, cupboards and benches; allowing you to individually configure to your specific needs.

Drawer Divider Kits

Small parts can be efficiently organised with plastic boxes, inlay mats and adjustable metal dividers. Supplied as simple pre-designed kits, or custom layouts can be created upon request.

Internal Options

To create a fully functioning verso cupboard or cabinet, choose from a selection of internal fittings, including; perfo and louvre backpanels, hanging rails, drawer kits, shelves and worktops.

External Options

30mm thick Multiplex or Lino worktops are available for all verso cabinets and cupboards, as well as top tray options. Lectern tops provide convenient workstation solutions.

verso | **Accessories** Dividers

Adjustable Metal Dividers

Galvanised metal dividers in a wide range of sizes to suit all cabinets

All parts are readily adjustable in position allowing individual layouts to be easily created and amended as requirements change.

Supplied as pre-designed kits for ease of choice. Custom layouts can be created, please ask for details.

Plastic Boxes

Tough plastic divider boxes in a wide range of sizes and heights.

All are easily removed to allow use elsewhere and easy amendment of layout. Labelling kit available.

Supplied as pre-designed kits for ease of choice. Custom layouts can be created, please ask for details.

Inlay Mats

Foam matting for the drawer base.

Provides a softer, safer base for expensive or delicate items and can reduce noise especially in mobile applications.

May be used in conjunction with the metal dividers.

PPE & Janitorial Cupboards

Specially adapted versions of kitted cupboards; equipped with 'three point locking' ventilated or panel doors. Optional internal fittings include high-capacity galvanised shelves, roller bearing drawers, hanging rails and central partitions for separating items.

Computer Cupboards

A range of robust workstations, for securely storing computing equipment in the workplace. Cupboards and monitor housings are lockable, with ventilated sides and cable routing apertures.

Lectern Workstations

Lecterns are perfect for workspaces requiring both efficient storage and convenient workstations. Featuring sloping top, pen tray, paper stop and 'three point locking' doors. Available in standard and economy formats.

Hazardous Substance Cupboards

Designed to comply with HSE guidelines and codes of best practice, by providing suitable storage for hazardous substances and materials. Featuring robust, welded steel housing, reinforced doors and 75kg U.D.L capacity sump trays; designed to catch and contain spilled substances.

Cleaning & Recycling Stations

Wall-mounted, panel based, cleaning & recycling stations. For use with bins, hooks and a wide range of accessories.

To ensure maximum stability all verso cupboards should be bolted to the floor.

Cases

Aluminium Transport Cases

The perfect solution for protecting equipment from dust and damage during transit. Designed around Europallet dimensions for easy integration with universal travel systems.

Lightweight & Robust

Lightweight aluminium construction, with ribbed corners for added strength. Securely stackable, using locator guides on each corner.

Tough Grip

Tough, plastic protected grip, with 35kg load capacity, per handle.

Steel Tool Chests

Strong, tool storage chest, designed to withstand use in demanding environments. Hardboard lined to protect damage to the interior. Includes removable parts tray for smaller items.

Heavy-duty

Manufactured in phosphated steel for increased corrosion protection and finished in a durable, epoxy powder-coat paint. Features wrap-over, shower resistant lid.

Secure Handling

With double grab handles for firm handling and padlockable hasp & staple clasps for security.

bott | **Cases** Aluminium Transport Cases

Aluminium Transport Cases

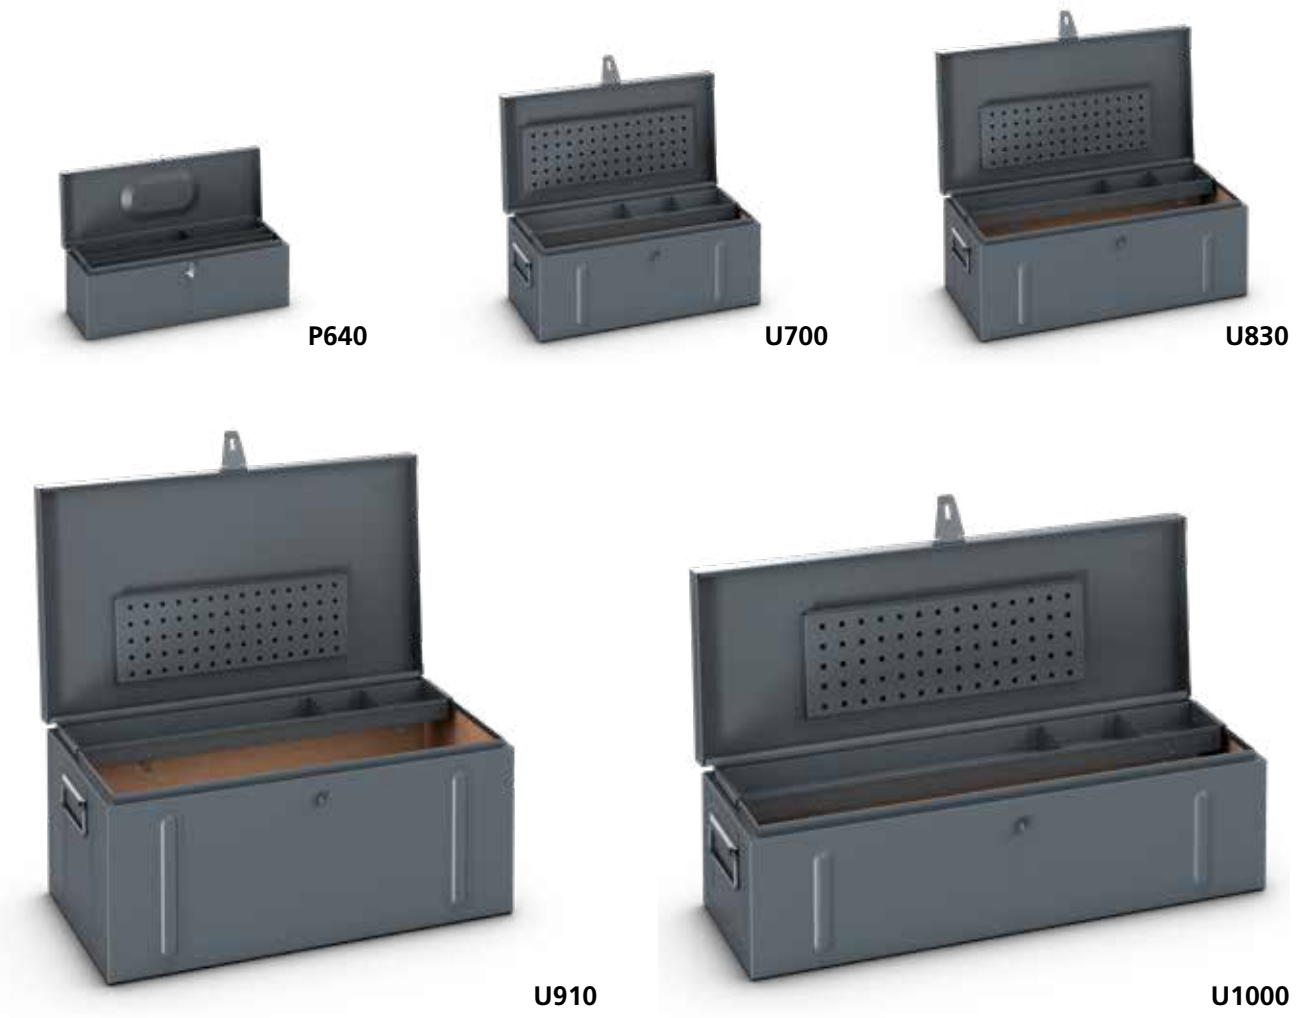

- Ribbed body for strength, whilst remaining light weight
- Tough plastic protected grip, load capacity of 35kg per handle
- Stackable with stacking locators on each corner
- Recessed base prevents ingress of water if used on wet floors
- Rubber seal to lid gives a shower resistant container
- Based around Europallet dimensions

Seating

Ergonomic Seating

With tilt, height and angle adjustability, our range of ergonomic seating solutions has been specifically chosen to work in a variety of workplaces. Providing comfort and easy working, ergonomically designed chairs can greatly improve posture, reduce back pain and ultimately improve productivity.

Strength & Stability

The 'five leg base' style on all chairs, provides the utmost stability, with 120kg maximum U.D.L. load capacity.

Practical Vinyl

Vinyl chairs are sturdy, highly durable and easy to clean, making them ideal for general workshop use. Comfort options with contoured seats and back cushions are also available.

Hardwearing Fabric

Upholstered fabric chairs feature a cushioned blue seat and padded backrest, providing a good all round comfort solution for an office environment.

Additional Options

Optional castor sets and armrests are available, as well as adjustable footrests for some models.

Work Chairs

- Gas lift height adjustment
- Backrest tilt, height and angle adjustment

Modular solutions for manual assembly

Meet avero, the modular workstation system developed by bott - designed to enhance efficiency in production, assembly, and logistics environments. The system is highly flexible, allowing for the customisation and configuration of individual workstations, or complete assembly and production lines based on specific operational requirements.

Ergonomically designed, avero is durable and adaptable, making it ideal for creating optimised workflows in industries such as manufacturing and engineering. It can be easily reconfigured as processes or needs change, and offers a variety of components and accessories, including ESD (Electrostatic Discharge) protection options, to ensure safety and efficiency.

- Process Optimisation
- Productivity Improvement
- Flexible Customisation
- Optimal Material Flow
- Ergonomic Design
- ESD Protection
